## End the Dissection of Living Newborn Babies

The following list of U.S. Senate and House members currently stand in opposition to the Born Alive Abortion Survivors Protection Act.

On February 25, 2019, the Senators listed below chose to filibuster the bill S 311. We need five more Senators to change their minds out of the list below. In the House, there is a discharge petition that needs 14 more signatures to schedule HR 962 for a floor vote.

We need to change the minds of just 19 legislators listed below to pass legislation that will protect innocent newborn children from being dissected alive. Use our one-click option below to send an urgent fax to targeted legislators.
